New Jersey Rescue & Recovery K-9 Unit

New Jersey Rescue & Recovery K-9 Unit assists Emergency Response Teams in locating missing persons. We work closely with police, rescue squads, forestry/park service, and fire personnel by providing search dog teams. Teams can be utilized for locating missing persons in the wilderness, floods, building and bridge collapses, airplane and train wrecks, fires, and earthquakes. Our K-9 HRD team can assist in drownings and at crime scenes.

New Jersey Rescue & Recovery K-9 Unit is a not-for-profit, 501c3 organization. All unit members are volunteers and do not get paid for their services.

Collectively, New Jersey Rescue & Recovery K-9 Unit has more than 45 years of experience. Such experience and commitment has been an invaluable service to the community, particularly during devastating events such as 9-11.

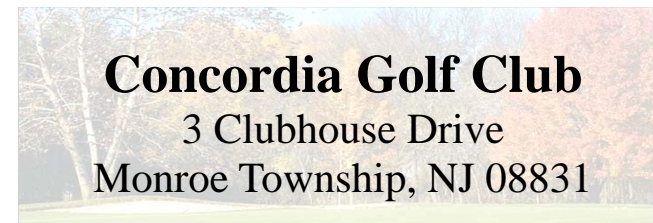

For more information on the unit please visit our website:
